CONSTRUCTION

Frame: Constructed from high quality, pure aluminum alloy, frames are coated in our Marine Primer and finished in an architectural-grade powder coat, creating a rich, dimensional color.

Marine Primer: A proprietary spray epoxy basecoat seals out oxygen and prevents corrosion.

Contract-Grade Removable Cushions: Comprised of long-wearing, high resilience foam, cushions are plush, supportive, and breathable with enhanced protection from a water and bacteria-resistant fabric liner. Cushions are fastened to frames with marine grade snaps, keeping them neatly in place. The price list includes a graded-in selection of contract quality, high-performance outdoor fabrics. For customer's own material (COM), please contact customer service for details.
