CARLYLE DINING CHAIRS

Reminiscent of the art deco contours and geometric silhouettes seen along Ocean Drive, the Carlyle Collection is a celebration of the Miami Beach style of outdoor living. The functional stacking frame, variety of seating options and well-proportioned pedestal tables make Carlyle an instant standard for outdoor hospitality.

CONSTRUCTION

Frame: Constructed from high quality, pure aluminum alloy, frames are coated in our Marine Primer and finished in an architectural-grade powder coat, creating a rich, dimensional color.

Marine Primer: A proprietary spray epoxy basecoat seals out oxygen and prevents corrosion.

Standard Slings: Woven from high quality PVC yarns, our mesh slings are comfortable, resilient, and low maintenance. Providing superior performance in colorfastness, tensile strength, and abrasion resistance, slings also feature a built-in antimicrobial ingredient allowing them to stay cool, dry quickly, and resist mold.

Ecowood: Produced from a high-density polymer using recycled materials and sustainable manufacturing methods, Ecowood provides warmth and texture through its wood grain aesthetic. Engineered for diverse weather conditions, Ecowood will not corrode, splinter, or rot, and requires no sealing or painting.

Stacking: Dining and side chairs stack up to 6 high.
